2	2.5"/3"	2.5"/3"	60V	7	14	367lpm	3,60,000	1,10,000	2,50,000

Terms and conditions:

Payment: 50% advance, balance 50% post commissioning

Prices: The above prices are **exclusive of taxes**. They also **do not include bore-well digging costs**.

Installation charges might vary as per site and depending on need of extra piping in different cases. **Transportation charges** will be extra as per actual.

Subsidy: 30% of the total payment will be charged directly to MNRE under the subsidy scheme. Only 70% is to be paid by the customer.

Warranty:

Pump 2 year warranty: The pumps, motor and controllers included in the LITSUN solar pump kit are warranted to be free from defects in materials and workmanship for two year from the date of purchase.

Incorrect installation, operation, use of product other than in accordance to the installation and operation manual will void the warranty. Repair or replacement of products is at the discretion of LITSUN.

LITSUN is not responsible for labor or any other charges involved in the removal, transportation or reinstallation of any defective product.

Warranty does not cover incorrect installation, mishandling, and exposure to salt spray or electrolytic corrosion, lightning, floods and other acts of nature.

Stator/rotor and impeller parts are considered to be normal wearing parts and are not covered under warranty.

LITSUN takes no responsibility for the inability to use the product, or its inappropriateness for any specific purpose. It is the user and installers responsibility to determine the suitability of the product for any particular use.

Solar panels 25 year warranty: LITSUN solar panels have a 5year workmanship warranty, 10 year 90% output warranty and a 25 year 80% output warranty
